Career Objective: Motivated Computer Science student with hands-on experience in React, React Native, FastAPI, and REST API integration. Skilled in building responsive web and mobile applications. Seeking a Software Developer role to contribute to scalable and user-centric software solutions.

Educational Qualification:

B.E. Computer Science Engineering (Hons.)

Stella Mary's College of Engineering, Nagercoil | 2026 | CGPA: 8.19

Higher Secondary (HSC)

Joseph's Matriculation H.S. School, Colachel | 2022 | 75%

Secondary School Leaving Certificate (SSLC)

Joseph's Matriculation H.S. School, Colachel | 2020 | 97%

Technical Skills:

- **Programming Languages:** Python, Java (OOP), C++
- **Frontend Technologies:** HTML, CSS, JavaScript, React.js, React Native, Responsive Web Design
- **Backend Technologies:** FastAPI, REST API Integration
- **Databases:** SQL, MySQL
- **Tools & Technologies:** VS Code, Git, GitHub, Postman, Vercel
- **AI Tools:** ChatGPT, Claude, GitHub Copilot
- **Other Skills:** Debugging, Problem Solving, API Integration, Basic UI/UX Principles.

Professional Experience:

Frontend Developer (Mobile & Web) - Iniram Square Pvt Ltd (Oct 2025 - Mar 2026)

- Developed responsive web and mobile applications for **Admini**, an AI-powered automation platform, creating dashboards, workflows, and user-centric interfaces.
- Integrated **RESTful APIs** and collaborated with design and backend teams to ensure seamless functionality and user experience.
- Optimized performance and responsiveness, and recognized for **strong UI/UX implementation, attention to detail, and proactive problem-solving**

Internship Experience:

Java Development Intern | Jclick Solution | Oct 2025 – Nov 2025

- Worked on Java programming concepts and application development fundamentals.

Frontend Development Intern | Clovion Tech Solution | Jun 2025

- Developed responsive web pages using HTML, CSS, and JavaScript.

Python Intern | Feathers Software | Mar 2024

- Gained hands-on experience in Python programming and problem-solving.

Certificates/ Training:

- Certificate in C++ at BITS Information Technology (March-2022)
- Certificate in Building and Deploying Web Apps (June-2024)
- Certificate in Web Development (Dec-Mar 2023)
- Completed an Employability Skill Training Programme by Mahindra Pride Classroom.

Projects:

1. Web Development

- Developed a **Personal Portfolio Website** to showcase projects, skills, and achievements with a responsive design.
- Built a **Cloud Kitchen Website** with dynamic menu display and online ordering workflow for better user experience.
- Created an **Exam Management System** with secure staff and student login, enabling efficient data handling.
- Designed a **Cafe Website** with Online Ordering, implementing menu display and order processing functionality.

2. Mobile app Development (React Native)

- Developed **GlamAI**, a responsive React Native mobile app prototype with AI-based fashion recommendation concepts and personalized styling UI/UX features.
- Developed an AI-powered **Resume Analyzer** using React Native, FastAPI, and Python that performs ATS scoring, resume parsing, skill extraction, and personalized resume recommendations.

Workshops:

- Participated in a workshop to learn Full Stack Development.
- Participated in a workshop to learn Firebase Realtime Database.
- Participated in a workshop to learn Power BI.
- Participated in a workshop to learn Building Web Development with Asp.NET.

Extra-curricular activities:

- Participated in a “Poster Presentation” competition at district level event at a moto of Stop Smoking (March, 2023)
- Participated in a School level “Quiz competition” on the eve of Independence Day at School in X standard (August, 2019)

Achievements:

- Secured 1st place in “Poster Presentation” at National Pollution Control Day – 2022
- Secured 2nd place in “Poster Presentation” at International Women’s Day– 2023

Personal Strengths:

- Self-motivated Team Player
- Adaptable to New Technologies
- Quick Learner
